

Enquête policière

La couronne du roi

Au royaume des animaux, on donne un grand bal pour célébrer le printemps. Mais pendant la fête, on a volé la couronne de la reine ! Tout le royaume est en émoi.

On appelle à l'aide les plus grands détectives mais nul ne réussit à trouver le coupable. A ton tour d'essayer !

Voici les personnages qui étaient invités à la fête. Ils sont tous suspects !

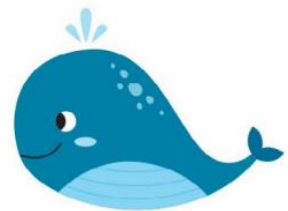

CRABE

MEDUSE

GRENOUILLE

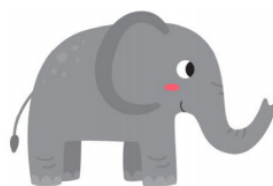

BALEINE

LION

TORTUE

ELEPHANT

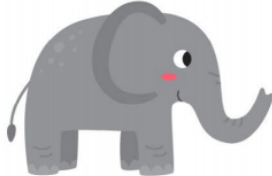

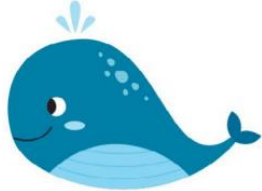

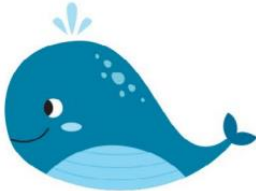

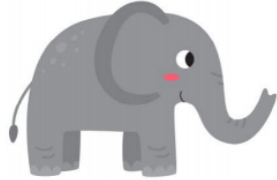

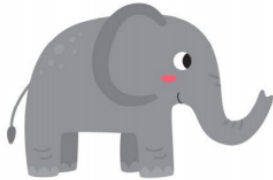

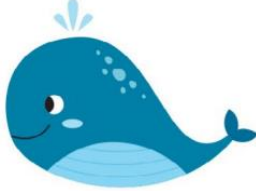

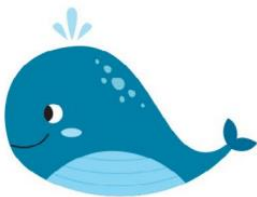

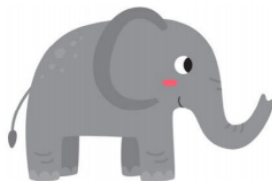

POULPE

1^{er} indice.

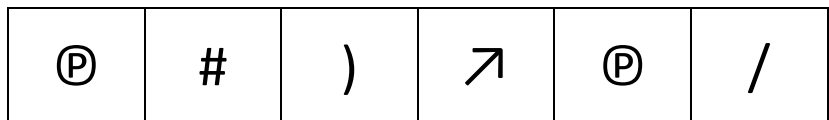

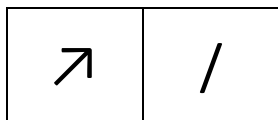

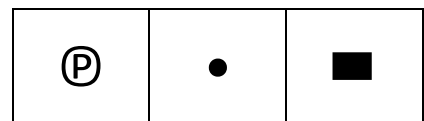

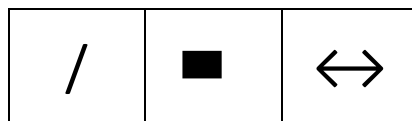

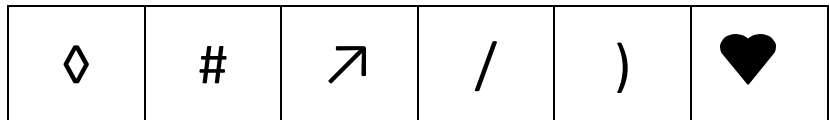

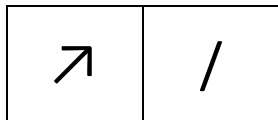

Trouve quel animal va dans la case vide ?

Il est innocent. Tu peux le rayer de la liste des suspects.

2^{ème} indice.

Décode ce message. Il te donnera le nom d'un deuxième animal innocent.

A : •

B : ∞

C : x

D : +

E : /

F : <

G : >

H : .

I : -

J : (

K : ▲

L : ↗

M :]

N : Δ

O : #

P : Ⓟ

Q : *

R : ♥

S : ■

T : ↔

U :)

V : ◇

W : &

X : [

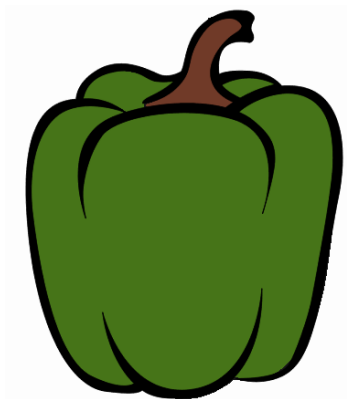

Y : Φ

Z : ↖

4^{ème} indice.

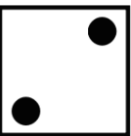

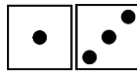

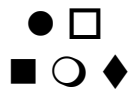

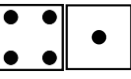

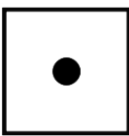

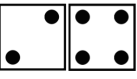

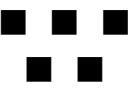

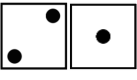

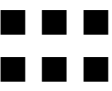

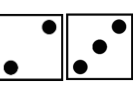

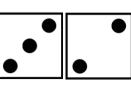

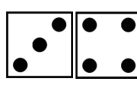

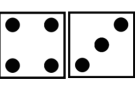

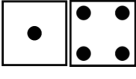

Trouve deux autres mots qui riment avec ceux-là.

L'animal dont le nom rime avec ces objets est innocent.

5^{ème} indice.

Colorie toutes les cases qui indiquent 5. Cela formera la première lettre d'un autre innocent.

	7		5		1	
		P		6		
					2	
	4			8		
						
	6			S		
	5					
					3	

6^{ème} indice.

Tous les animaux vont avec un objet qui commence par la même syllabe, sauf un ! Celui-là est innocent.

7^{ème} indice.

Tente de relier chacun des deux suspects restants à la couronne.
Celui qui l'atteint est notre voleur !
